

DNA Sequencing Sample Submission Form for PreMixed Samples

Biology Department Core Facility at Georgia State University

Researcher _____
 Researcher e-mail _____
 Principal Investigator _____
 Telephone Number _____
 Department _____

Date Submitted _____
 Lab Address _____
 Grant Number _____

(Don't Fill) Seq#	Sample Name <small>(max 12 characters)</small>	Plasmid Vector <small>(circle type of DNA)</small>	Insert Size	Vol μ l	Primer Name
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____
_____	_____	PCR DS SS _____	_____	_____	_____

(Note: 4 μ M of a 20 Mer equals ~27ng/ μ l)

Method of Sample Preparation _____ E.coli stain _____ Circle one: Plasmid/BAC

Sequence Data Returned via ftp to lab folder - in both text and Seq format. See website link for software to view chromatogram.

For additional information, call Ping Jiang (404-651-0926) or Email: pjiang@gsu.edu
